

Synth Collateral is not the same as Synth Liquidity Units

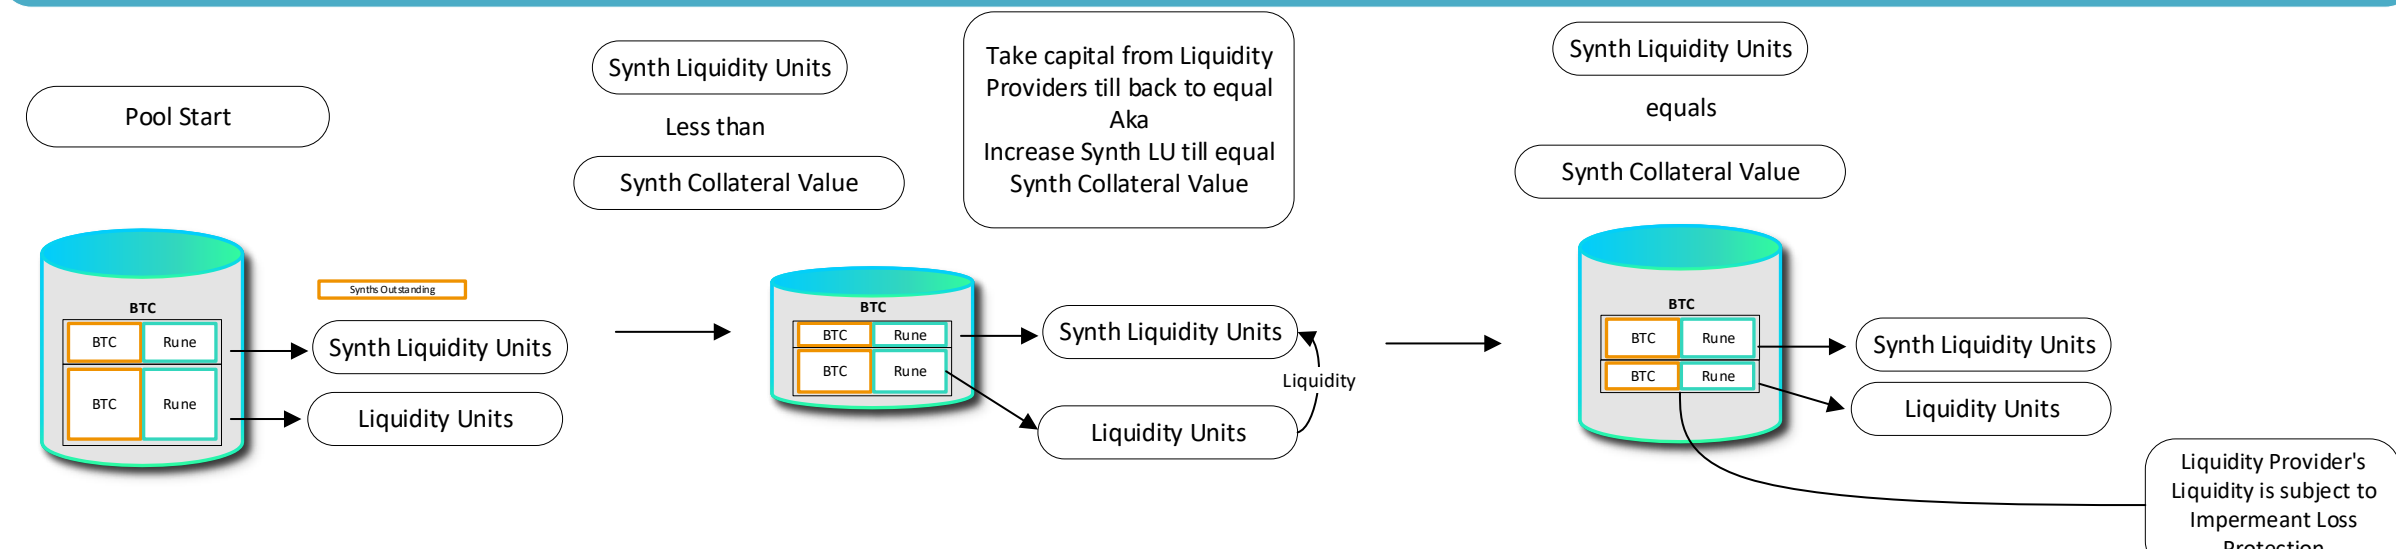

Synth (Dynamic) Liquidity Units must equal Synth Collateral (in Rune)

Is the (Synth Collateral) redemption value of the synth the same as the Synth (Dynamic) Liquidity Units?

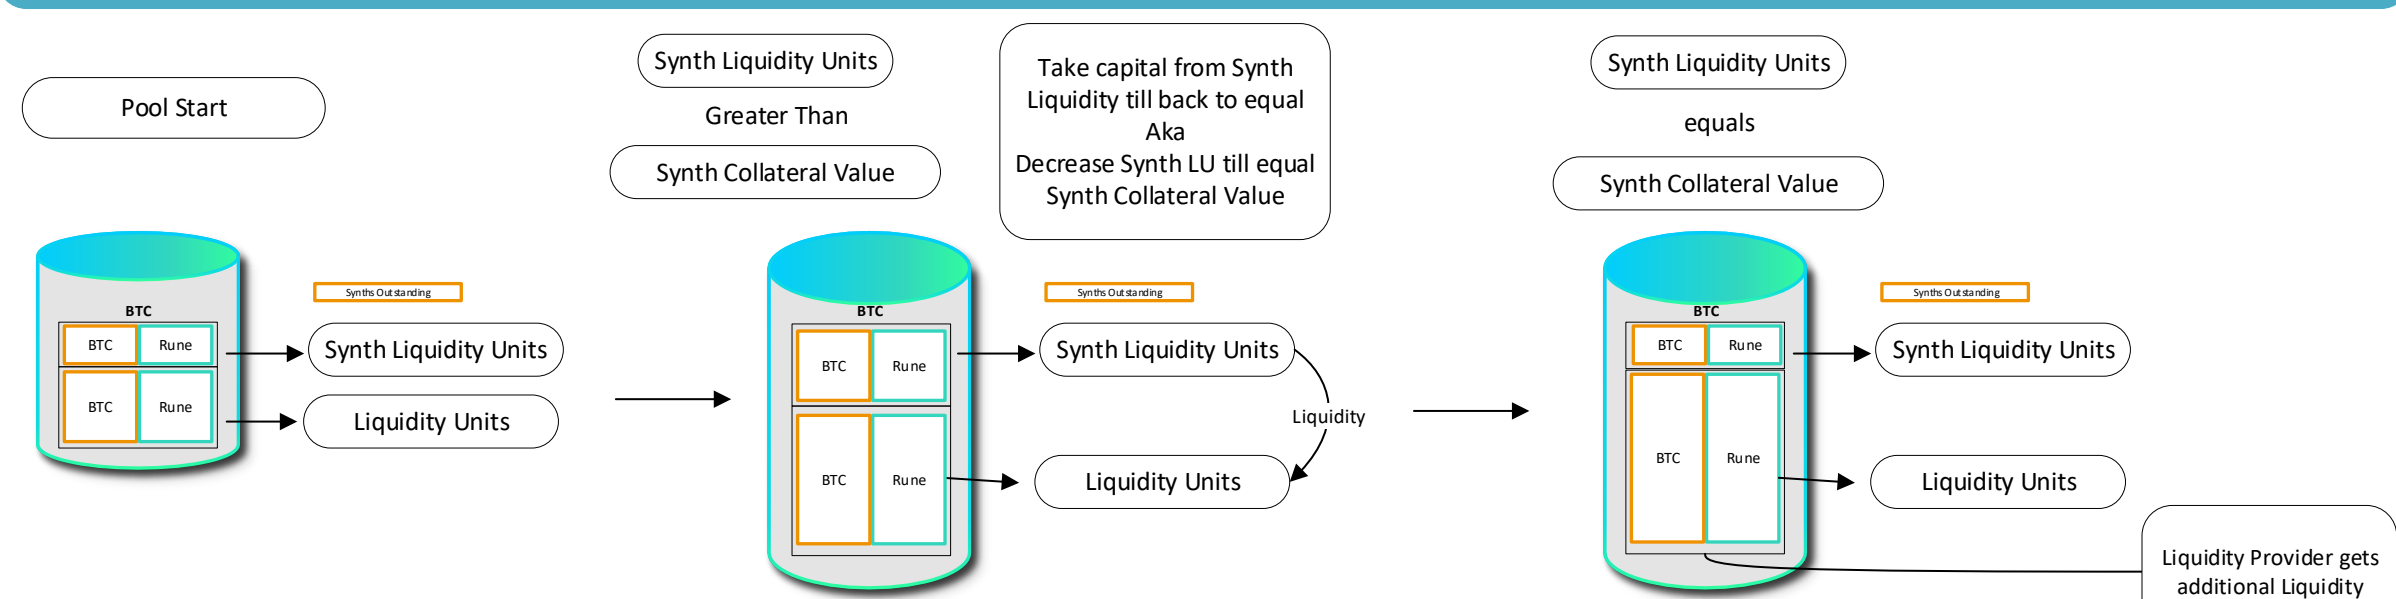

Three Possibilities

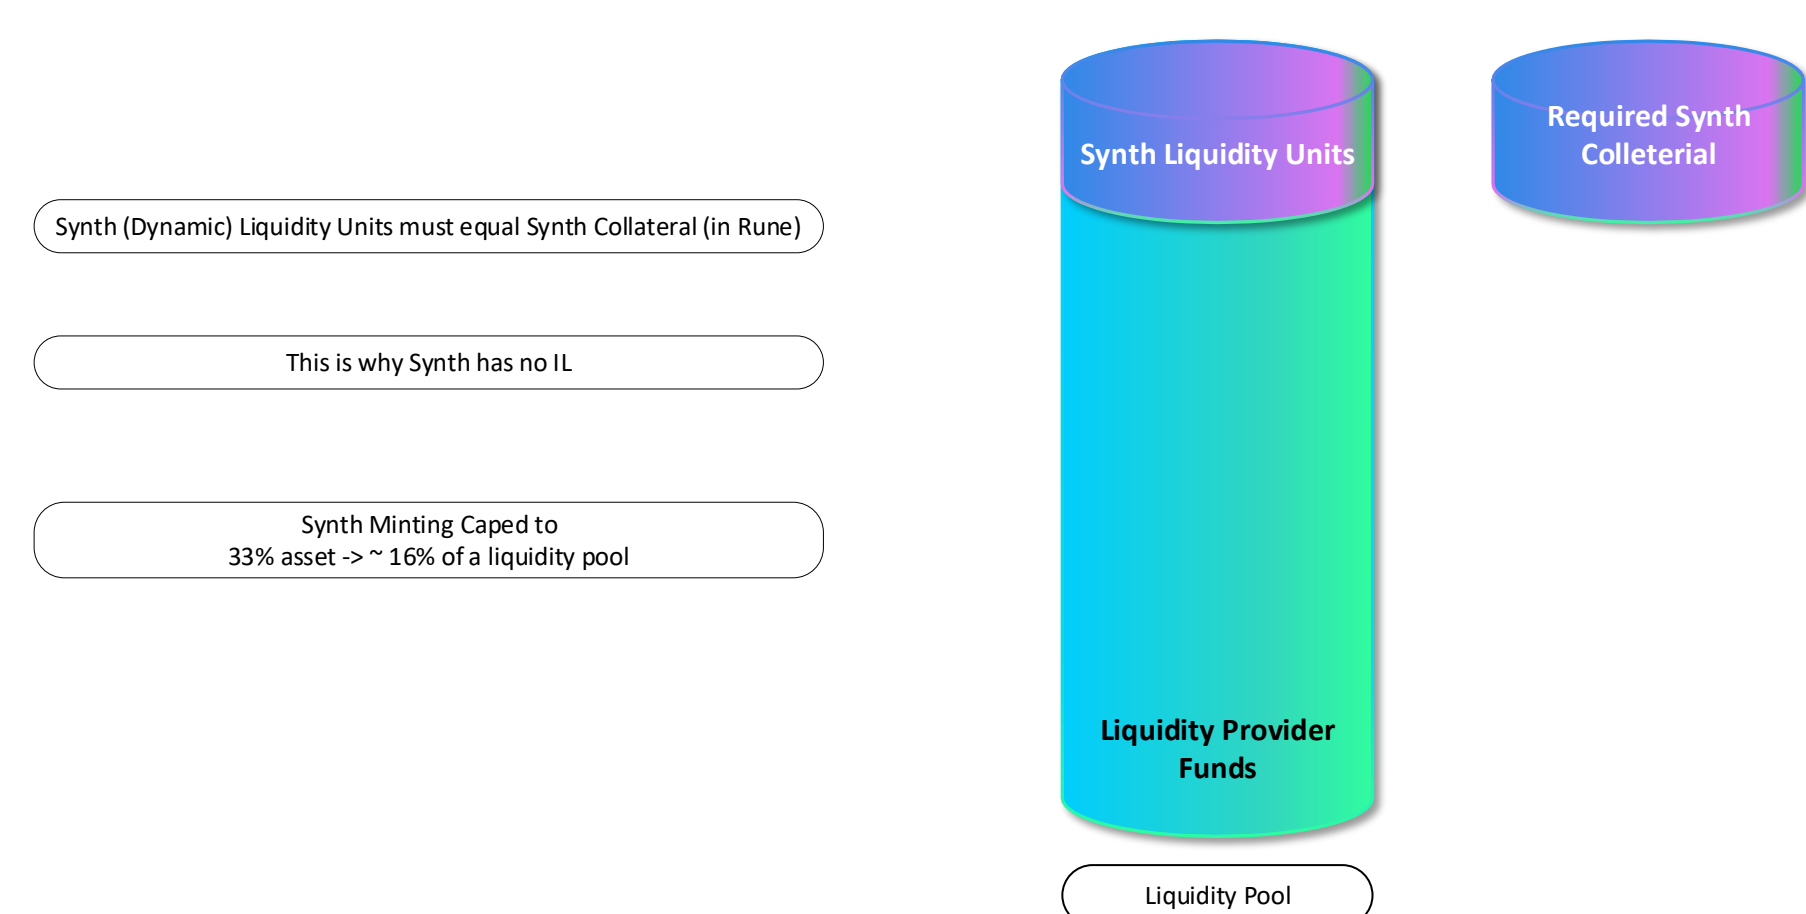

Pool Loss/Shrink

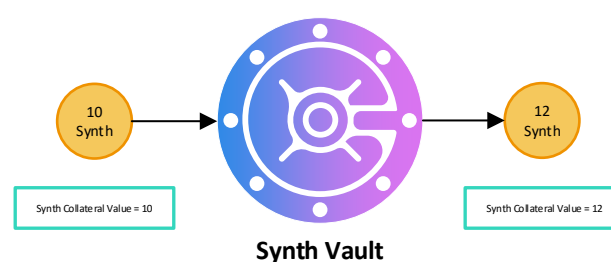

Pool Gains/Grow

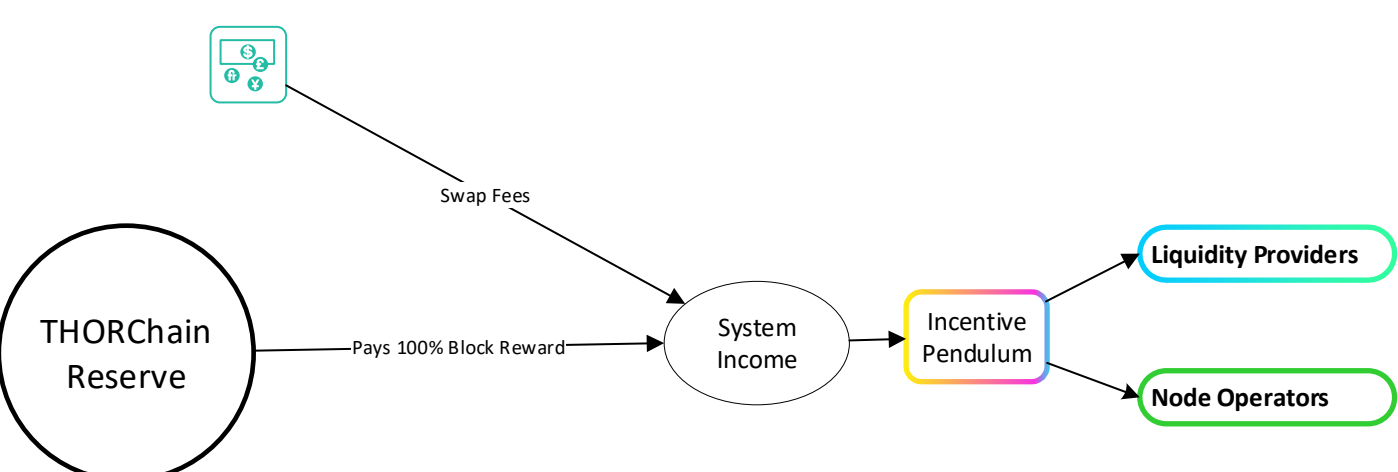

Dynamic Synthetic Liquidity Units

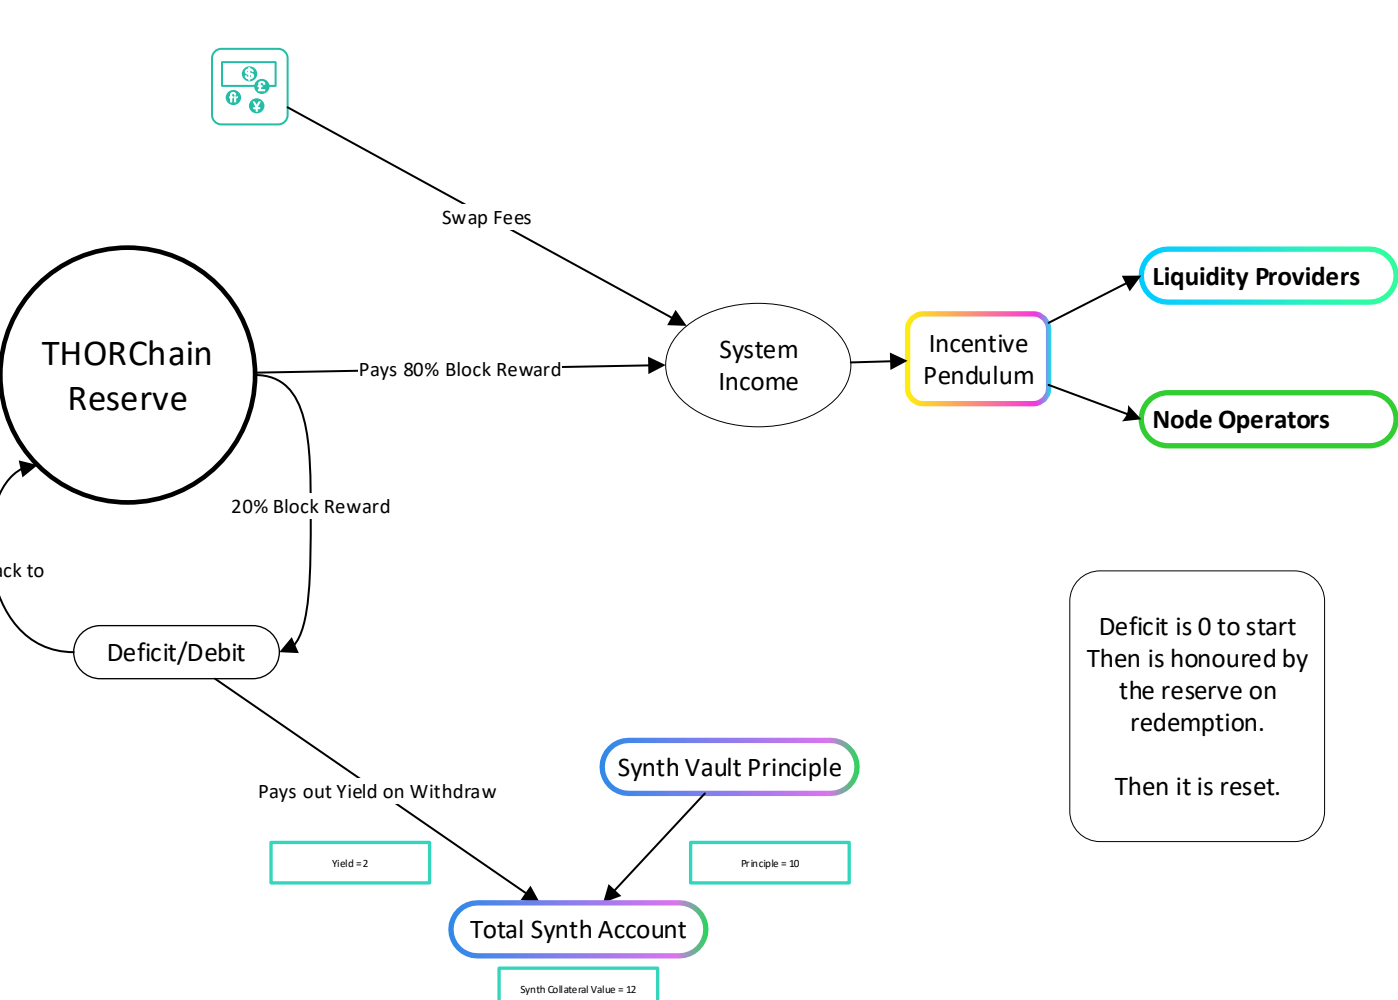

What about the Synth Vault?

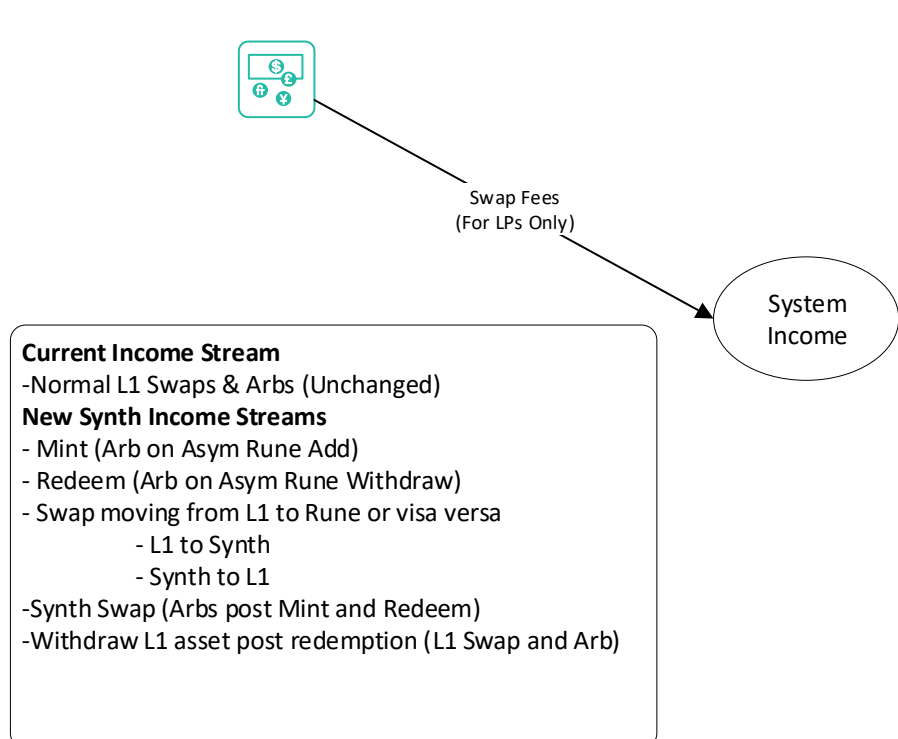

System Overview – Current State

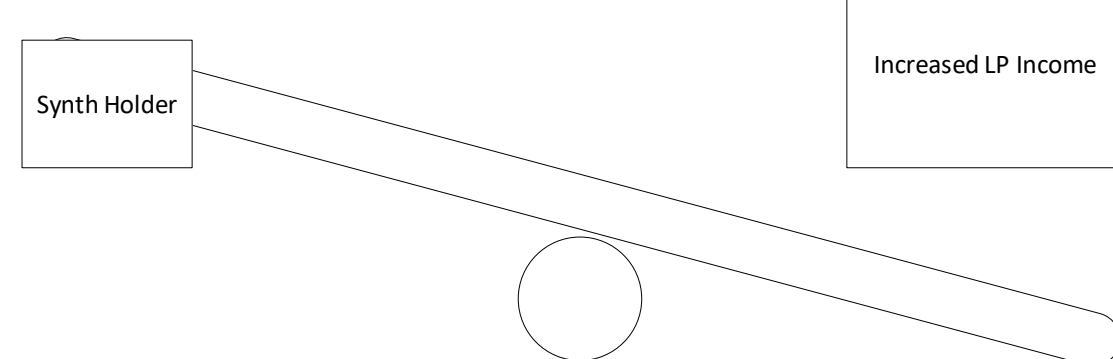

System Overview – Future State (with Synths)

What about Liquidity Providers?

Finding a Balance
